UNFINISHED BUSINESS

Randy Gradizzi asked if they wanted to consider purchasing the pipe for the Toby Water line project. Mike Keller responded that they should first contact DEP to see if they would approve of the line being installed. Keller also asked if there would be additional engineering work required before that line could be installed. Randy responded that is a transmission line, so only a permit from the Conservation District would be needed. Mike was concerned that if we purchase 4-inch pipe, DEP may turn around and require 6-inch pipe, for example. The Board agreed that DEP should be contacted prior to making the purchase of the pipe. Rob Singer will contact DEP and get their feedback.
