It was decided to hold a workshop on Wednesday November 14th for more discussion on the ongoing issues at the park that the members have concerns about.

A workshop was held by the board on Wednesday November 14th to go over what can be done to make the park operate more efficiently in 2019 in regards to mowing, summer programs and the overall management of it. It was decided for Tom and Ken to have another private meeting with the Township supervisors to go over our thoughts.

Note: due to Holidays and schedules this wasn't possible before our December's monthly meeting so the board of Supervisors were present at that meeting to discuss these concerns.
