

The Elk County Electronics Recycling Center is a permanent facility established for the collections of obsolete consumer electronic products. It is located in the Stackpole Complex in St. Marys, Pennsylvania.

Obsolete consumer electronic products can contain hazardous materials such as cadmium, lead and mercury, all of which should not be disposed of in landfills.

Envirocycle, Inc. will collect all recycled electronics from the Elk County Drop-Off Center to be recycled at their place of business in Hallstead, Pennsylvania.

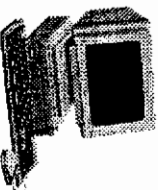

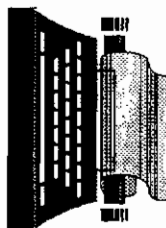

Cost

This service will be FREE-OF-CHARGE for all residents of Elk County.

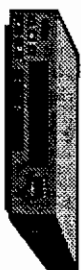

Businesses will be charged a fee of \$.24 per pound and must have weigh slips for all electronics being dropped off.
